

i Aluminium thermal break shutter box window with handle closure system.

□ Installation on any thickness of panel through adaptable counterframe systems.

! Concealed hinge with simply smart system.

Certifications

CE CE marking
in accordance with EN 14351-1

Performance

Thermal Insulation
up to $U_w = 1.3 \text{ W/m}^2\text{K}$
in accordance with EN 10077-1

4 Air permeability
Class 4
in accordance with EN 12207

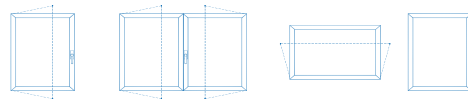

E750 Watertight seal
E750 Class
in accordance with EN 12208

RC3 Shatter-proof
up to RC3 (WK2)
according to DIN EN 1627

Technical specifications

Extruded aluminium profiles with thermal break
Structural depth of frame 75 mm
Structural depth of panel 85 mm
EPDM seals (DIN 6873)
Glass thickness up to 52 mm

Opening systems

*Values depend on the configuration of the frame.
